

WEDDING *Fair*

@ JW Marriott Resort

SET UP TIMES

Saturday, January 20th 3:00-8:00pm. (later than usual)

Sunday, January 21st 8:00am-11:30am

**Please do not arrive at 11:45 on Sunday to start your set-up,
We need to be finished by 12 noon and the aisles cleared!**

Once you unload, you will need to move your vehicle so others can do the same. The help that you bring can take your display items to your space while you go park. **We need to keep things moving.**

We will have some carts available to self-use. We ask you bring them back to the area you found so others can use them.

We will also have some cart-helpers available from a church school group who work for tips. They work hard so be generous to them.

Parking. Parking is free. We will have a parking area for vendors along the street.

Note: With the proper amount of time, we can correct most problems that pop up, but by arriving late on Sunday, we cannot offer the same attention and they will probably go unsolved

- Again, be prepared. have everything in order so you can be complete and ready to go by show time. Nothing can come in to your booth once the show has started and the aisles are full of people.

SHOW HOURS Sunday **12-5:00pm**

TAKE DOWN Sunday after 5:00pm - finish by 7pm.

- At tear down, be organized so you know exactly how you're going to break down, box up and wheel out. Bring a small dolly to store under the table for a quick get a way. **DO NOT TEAR DOWN BEFORE THE SHOW IS OVER !!** You cause a disruption in the aisle and with security in loading. More importantly, you leave a negative impression on the brides and your fellow vendors.
