
WEDDING *Fair*

SET UP TIMES

FOR EVERYONE: Set up is Saturday January 16th from 11am-6pm
If you need to come earlier on Saturday that is ok. Just let us know.
If you need to be an exception and setup Sunday 9-12 please call to let us know.

Sunday 9-12 is only for caterers and florists to finish bringing in perishable things.
They will need to come Saturday with everything else.

We will have some carts available to use. We will not have cart helper due to the virus.

We ask you bring them back to the area you found so others can use them.
Once you unload, you will need to move your vehicle so others can do the same.
The help that you bring can take your display items to your space while you go park.

We need to keep things moving.

Parking. Parking is free. We will have a parking area for vendors near the loading dock.

Be prepared. have everything in order so you can be complete and ready to go by show time.

Nothing can come in to your booth once the show has started and the aisles are full of people.

SHOW HOURS Sunday **12:30-4:30pm**

TAKE DOWN Sunday after 5:00pm - finish by 7pm.

- At tear down, be organized so you know exactly how you're going to break down, box up and wheel out. Bring a small dolly to store under the table for a quick get a way. **DO NOT TEAR DOWN BEFORE THE SHOW IS OVER !!** You cause a disruption in the aisle and with security in loading. More importantly, you leave a negative impression on the brides and your fellow vendors.
